

BATTLE BORN LIFTGATE POWER SYSTEM

Powered by Battle Born®

**Save Money, Save Headaches,
& Increase Your Fleet's Sustainability.**

The Battle Born Liftgate Power System is the most robust all-in-one power solution for liftgate applications. Equipped with a state-of-the-art Battle Born Lithium Battery system, the Battle Born Liftgate Power System is the powerful alternative to traditional lead acid batteries, increasing run time and productivity in commercial trucks and industrial equipment.

Increased Liftgate Cycles

The Battle Born Liftgate Power System has proven to perform more full lift and drop cycles than lead acid.

Improved Lifespan

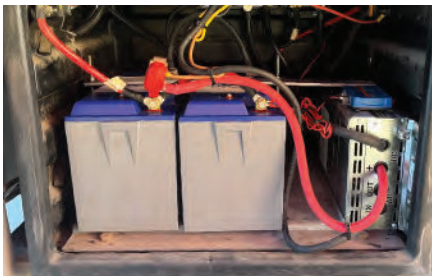

The Battle Born Liftgate Power System has a longer lifespan than the traditional lead acid batteries used and frequently replaced in liftgate applications.

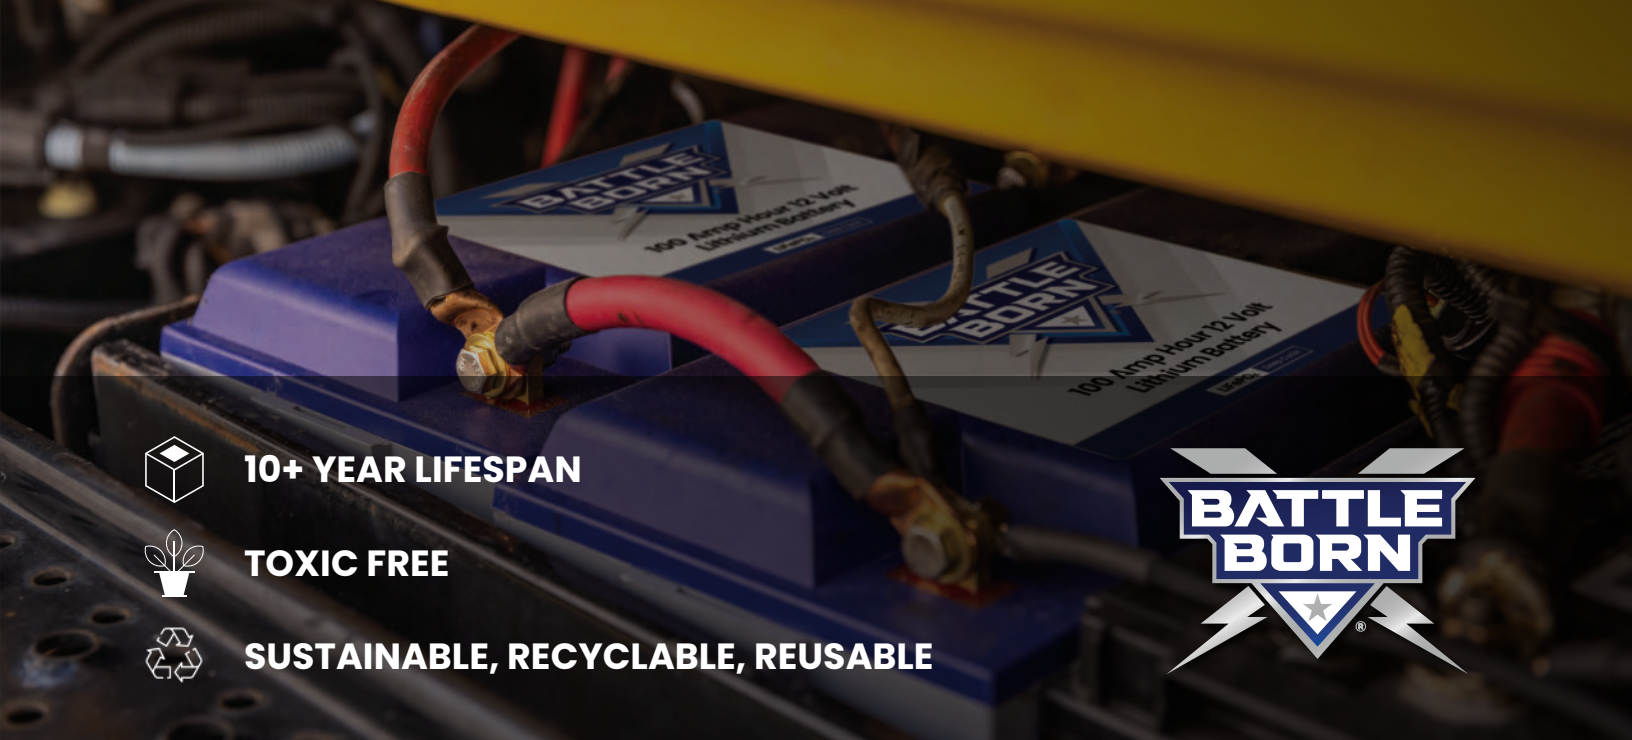

Overall Lower Cost

The Battle Born Liftgate Power System has a lower lifetime cost when calculating cost vs. the number of times a lead acid battery needs to be replaced in a liftgate application.

Flexible Installation Options:

10+ YEAR LIFESPAN

TOXIC FREE

SUSTAINABLE, RECYCLABLE, REUSABLE

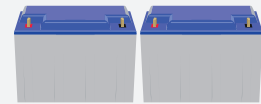

Lithium-Ion vs. Lead Acid

10 Year Cost of Ownership:

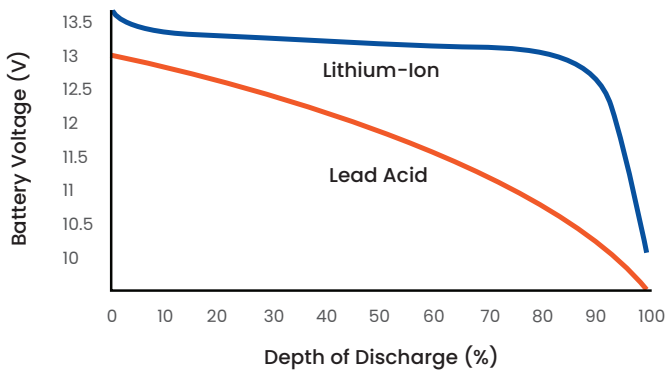

20 Flooded Lead Acid Batteries

=

2 Battle Born Batteries

Discharge Curve
